TREFFPACK

Your partner for perfect packaging solutions

DUMA®BRANDED PRODUCTS

The high-quality Duma® plastic containers (HDPE) are ideal for products from the pharmaceutical, OTC, cleaning and caring sectors. Their excellent price-performance ratio makes them very competitive.

OUR TREFFPACK CONCEPT

For more than 150 years now, we have been creating and developing innovative packaging solutions, working with manufacturing partners worldwide. We can offer both off-the-shelf standard items and also customised designs, combining perfectly matched components. Our customers strongly appreciate our comprehensive knowledge, technical expertise and dedication to first-class service.

AREAS OF APPLICATIONS

Examples of the versatile and market proven usage of the Duma® packaging range:

- pharmaceutical products: tablets, capsules, powders
- healthcare products without prescription: vitamin and mineral supplements as well as protein powders
- personal care products: bath powders and salts
- cleaning and caring products, either granulated or as tablets, for e. g. coffee and espresso machines

Also suitable in veterinary practices!

WIDE VARIETY

The huge variety of options can easily be adapted to specific customer requests and product requirements. The Duma® containers are available

- in numerous forms and sizes, ranging from 15 to 3,000 ml
- with various neck finish sizes and types of closure
